PORTABLE OXYGEN CONCENTRATOR BATTERY LIFE COMPARISON

The Respiration Freedom Series is a family of products designed to deliver more freedom – freedom from worry and freedom from complicated maintenance. The Freedom Series frees you and your patients from some of the more demanding aspects of oxygen therapy, so you both can go on with your lives.

EVERGO PORTABILITY MEANS EVERGO PROFITABILITY

Discover the POC that turns patient portability into paramount profit.

- 8 hours of battery life is a full day of freedom for your patients
- 24/7 global support network lets you rest assured when your patients travel outside your area
- Federal Aviation Administration (FAA)-approved for in-flight travel on more than 40 national and international commercial airlines

- Lightweight (<10 lbs), non-medical design
- Easy-to-use touch screen display controls all functions and clearly shows battery life and setting
- Quiet at 43 dBA
- Low maintenance: One easy-to-remove patient filter
- Easy access to batteries makes them easy to change and charge – plus EverGo can be simultaneously charged and operated
- Large oxygen capacity (1050 ml/min)
